

Welcome TO CARNARVON

Carnarvon, known as the food bowl of Western Australia.

The Carnarvon region in Western Australia is abundant with tropical fruits, succulent seafood and a vast array of temperate climate fruit and vegetables. The banks of the Gascoyne River provide rich, fertile land for plantations to yield a delightfully diverse array of produce.

A drive along North and South River Road, known as the 'Fruit Loop', reveals the heart of the horticultural industry. You will find seasonal fresh produce, the famous sweeter bananas, seafood and locally made delicacies.

During summer, an abundance of fruits such as mangoes, grapes and watermelons can be found from pop-up plantation shops. Don't forget to snap the perfect Instagram photo at the Cactus Farm, which has just been relocated onto Ross Street.
